Coruscant Headquarters, 12 June 2025

The Eadu Agricultural Research Campus opened its first greenhouse hall on 10 June 2025. The hall will trial the hydroponic crops planned for Starhaven's food production decks.

"Fresh food is what turns a station into a home," said Rosalind Ferrante, Director, Agriculture & Food Systems.

About Empire Incorporated: Empire Incorporated designs and builds orbital habitats, shipyards and research facilities. Its flagship program, Starhaven Orbital Habitat & Shipyard, will house resident crews and build and refit civilian ships. The company is based at Coruscant Headquarters.
