Coruscant Headquarters, 17 November 2025

Empire Incorporated has appointed Brenna Tolle as Director, Structural Engineering, with effect from 15 November 2025. Brenna Tolle succeeds Hesker Doyle, who retired on 14 November 2025 after more than twenty years with the company.

Tolle joined the company in 2016 and most recently served as Deputy Director, Structural Engineering, overseeing the station's superstructure and internal transit work.

About Empire Incorporated: Empire Incorporated designs and builds orbital habitats, shipyards and research facilities. Its flagship program, Starhaven Orbital Habitat & Shipyard, will house resident crews and build and refit civilian ships. The company is based at Coruscant Headquarters.
