Interface Control Document: Hypermatter Reactor / Thermal Control & Heat Rejection

Document number	SHV-ICD-HR-TX
Revision	C
Status	APPROVED
Classification	CONFIDENTIAL
Author	Merrin Rorke
Approved by	Idris Kalvane
Date	2024-09-05

1. Purpose

This document controls the interfaces between the Hypermatter Reactor (HR) and the Thermal Control & Heat Rejection (TX). Changes require approval by the Chief Engineer, Station Integration.

2. Interfaces

Interface	Type	Responsibility	Status
IF-HRTX-01	Grounding	Hypermatter Reactor provides; Thermal Control & Heat Rejection receives	Agreed
IF-HRTX-02	Data	Hypermatter Reactor provides; Thermal Control & Heat Rejection receives	Open
IF-HRTX-03	Thermal	Hypermatter Reactor provides; Thermal Control & Heat Rejection receives	Agreed

3. Open items

- IF-HRTX-02: values to be confirmed at the next integration review.
